

Notice

Date: March 26, 2008

THE CHURCH OF
JESUS CHRIST
OF LATTER-DAY SAINTS

To: General Authorities and the following leaders in
the Utah North, Utah Salt Lake City, and Utah
South Areas: Area Seventies, Stake and District
Presidents, Directors for Temporal Affairs, Facilities Managers

From: Office of the Presiding Bishopric

Subject: Broadband Internet Services in Meetinghouses

Effective March 26, 2008, stake presidents in the Utah North, Utah Salt Lake City, and Utah South Areas may authorize and fund, out of local unit budgets, broadband Internet connections for meetinghouses within their stakes. Before installing, please contact your local facilities manager for instructions.

Equipment will be provided by headquarters for security and filtering. These protections alone do not completely eliminate the risks associated with the Internet. Stake and district presidents are responsible for Internet use in buildings within their boundaries.

Stake presidents, stake technology specialists, and facilities managers should review and implement the guidelines located at clerk.lds.org. After reviewing these guidelines, if you have any questions please call 1-801-240-5857.

This notice is being distributed in English only. If it is needed in other languages, please contact the member of the Presidency of the Seventy who supervises your area. Area leaders can forward requests to the Publications and Media Project Office at Church headquarters (1-800-453-3860, ext. 2-2933). 06908
